MEDICAL ASSN. PASSES RESOLUTION

Rabid Situation Alarming Here

In view of the fact that the spread of rabies is inevitable in the city of Cameron and Milam County, the people are faced with the gravest situation in the history of the city and county.

The outbreak of rabies in a community could be very harmful and destructive to human lives and every precaution should be taken to prevent such. Many civic leaders are becoming alarmed over the seriousness of the situation.

The Milam County Medical Society met recently and discussed the rabid condition that now exists in the county and much emphasis was placed on the fact that something should be done about the dangerous situation at once.

According to Dr. David Shapiro, Secretary, The Milam County Medical Society in a meeting March 13, 1951 passed the following resolutions unanimously:

WHEREAS there have been five proven cases of rabies in animals in or near by Cameron; and whereas 29 human beings are now being immunized against human rabies by reason of having been intimately exposed to the disease by contact with proven diseased animals; and whereas rabies is both 100 per cent fatal and 100 per cent controllable by vaccination of all dogs, elimination of stray dogs and cats and lowering the level of wildlife population where rabies exists; and whereas the disease is now in ascendancy; the Milam County Medical Society requests that the City Council of Cameron and those of other municipalities in Milam County enforce or pass ordinance requiring the vaccination of all dogs and cats against rabies and also destroy those dogs and cats not properly vaccinated, raise the bounty on foxes and wolves and require all dogs and cats to be penned or confined by their owners for the next 90 days.

Lone Star Gas Company Will Show 1951 Servel In Fashion Show Here

A premier showing of the Servel gas refrigerator line for 1951 which boasts a ten-year guarantee and silent operation in the freezing unit will be held in Cameron on Friday, March 23, according to an announcement by J. R. Bush, Lone Star Gas Company manager. The new Servels will be on display in Lone Star's show room from 2 until 9 P. M. and the public is invited to the gas refrigerator "fashion show" sponsored by the gas company in cooperation with local gas refrigerator dealers.

Drastic redesigning had made it possible for this year's Servel to offer more food storage yet occupy less kitchen space than any other models with comparable capacity, gas company representatives point out. For the first time in fifteen years, Servel is making a large refrigerator of 11.5 cubic foot capacity. It is equipped with two doors, one for the frozen food compartment and the other for the ordinary food storage compartment.

The 1951 Servels provide a "size to fit any family's needs," starting with the 6.08 cubic foot size and including three models available in the eight cubic foot size.

Design revisions in the gas absorption unit allow almost complete utilization of the base housing space, which is needed to house operating mechanisms in most refrigerators. Thinner walls, made possible by the use of effective, highly concentrated insulation, also contribute to the "more space inside, less space outside" feature of the new Servels.

The largest model is equipped with a new innovation—the Odds and Ends basket, fitted carefully at the top of the main food compartment. It is designed to hold small staples, such as baby food, cheeses, sandwich meats, small jars, jams and spreads.

NEW FARM ROAD BILL IS PROPOSED

Last Week Rush Expected At Office

Approximately 4,500 car and truck licenses have been purchased at the office of Valter White, County Tax Collector and Assessor up to Wednesday morning, March 21.

Mr. White said that during the past few days considerable activity has been on at the office with the usual last of the month rush. Some people will naturally wait till the last to attend to such matters. He said that activity was strong on license purchasing in the Rockdale, Thorndale and Gause area of the County.

Last year approximately 7000 licenses were sold and a large number will be sold during the next ten days.

Mr. White said that around 93 per cent of the county taxes has been paid. This time of the year activity is always in full swing at Mr. White's office.

Local FHA Hosts To Cotton Farmers

A meeting was held recently in the district court room on cotton production and insect control by members of the Farmers Home Administration it was announced by Roy Wright, local FHA county supervisor.

Over 75 farmers, agricultural workers and insecticide dealers were present. Leo Fuchs, chairman of the Agricultural Committee of the local Chamber of Commerce welcomed the group to Cameron.

County supervisors from ten central counties were in attendance and brought a cotton production committee composed of farmers in their respective counties.

L. J. Cappleman, State Director of the Farmers Home Administration of Texas was present and opened the meeting by stating that the purpose of the meeting was to help farmers in this area increase yield per acre on cotton production. He related many important facts on the correct, and at the same time the most economical ways in going about this procedure in order to obtain this objective of more cotton per acre.

Rural Areas Alert In Red Cross Drive

The Red Cross Drive is making considerable progress in the county according to Mrs. Iva Reichert, publicity chairman.

This is a sure indication that people realize the importance of these drives and donate so generously.

Red Cross activities in the county have always been of great service and is one of the most outstanding organizations that has ever been instituted.

Burlington was the first town of the several divisions for the Milam County Red Cross Drive to go over the top and Thorndale Community was the first Community to go over the top when it reported on Saturday night. Bartle Crenan is chairman for the Burlington territory of Burlington, Ben Arnold, Vogelsang, Walkers Creek, North Elm, Clarkson, Baileyville and Jones Prairie. Reported collections for Burlington amounted to \$130.40 as compared to the \$116 quota for last year.

Jamie Clark, chairman of Thorndale, Davilla, Lilac, San Gabriel, Thorndale, Watson Branch and Saly, reported that those communities had passed the quota of \$670 by approximately \$100.

Experience is what you get when you're expecting something else.

Pastor Begins Duties March 1

NEW PASTOR

Rev. Tommie M. Bouchard recently accepted a call as pastor of the First Christian Church of Cameron and began active duties with the Church March 1.

Rev. Bouchard succeeded Rev. Wendell Carr who resigned sometime last month to accept a pastorate at the First Christian Church at Gulfport, Mississippi.

He is a native of Austin and is doing undergraduate training in Sociology and Religion at Texas Christian University. He was licensed to ministerial service by Hyde Park Christian Church in Austin, and served as associate editor of Texas CYF News in 1948 and president of the CYF in 1949. He also served as chairman of Worship for the International CYF Commission in 1950.

Drys Will 'March' To Austin Hearing

AUSTIN, March 20—Prohibitionists will march on the Capital March 28.

"There's going to be so many people here the Capitol won't hold them," said Rep. Milton Wilkinson of Patroon.

On Wednesday, March 28, at 2:30 p. m., the prohibition amendment will be given a public hearing before the House committee on constitutional amendments.

Wilkinson, a small, black-haired man who is active in the First Baptist Church of Center, is author of the amendment.

"We may not get it out of committee this year," Wilkinson said. "But if we don't succeed this year, we'll do just that much better the next time."

"I was a fighter in the Army, and I'm used to fighting."

"I was Army batmanweight champion of the Southwest in 1938 and 1939," Wilkinson was a lieutenant in the Air Force. He is 32 years old.

He said that church groups and prohibitionists from all over the state had written him they were coming to the hearing. He added that Dr. W. R. White, president of Baylor University and president of the United Texas Drys; Dr. Walter McKenzie, Dallas executive secretary of the United Texas Drys; and state officials of the Women's Christian Temperance Union had said they would be here.

Wilkinson's measure calls for a statewide prohibition vote at the general election in November 1952.

Statewide prohibition was repealed in 1935. Since then, counties and precincts have voted wet or dry in local option elections.

The Community Choir To Present Easter Cantata Sunday March 25

The Community Choir under the direction of Mrs. Joe Hickman will present the Easter Cantata, "The Easter Sunrise Song" by Holton, on Sunday March 25 at 5 P. M. at the First Methodist Church.

The Community Choir was organized in 1947 by a group of interested musicians of the city and many of the original singers are a part of the choir today. The choir has presented seven cantatas during the past five years and all except one have been broadcast over KTEM, Temple to Central Texans who appreciate the special Easter and Christmas music.

The choir has rehearsed consistently during the past several weeks in preparation to this outstanding event and will present 12 numbers, including solos, Quartet, duet and choir numbers.

Mrs. Hickman is a very capable director and is well known in the city and throughout Central Texas for her musical ability. Mrs. Mark Magers and Miss Shirley Horstmann, who have leading parts in the cantata have assisted Mrs. Hickman in rehearsals and are to be commended for their services to the choir.

Mrs. Hilliard Thomas, organist at the First Methodist Church will accompany the choir at the organ. Her services to the organization have been outstanding and helpful.

Members of all the church choirs in the city, both protestant and catholic are invited each year to participate in the event and the majority of the churches are represented in the choir.

Much interest has been created concerning the musical activities of the community choir during recent years and the general public always looks forward to this program each year.

H. B. No. 669 Will Aid Road Program

Henry Lehman, representative of 65th district of Giddings, has introduced a rural road bill, H. B. No. 669 that will have the full support of the Milam County Farm Bureau, Dennis Klein, president, announced Monday.

The bill embodies the organization's philosophy for a rural road program that will meet the needs in Texas, Mr. Klein said.

Lehman's bill has five co-authors, namely: D. B. Hardeman, Collins and Grayson Counties, Bert Hall, Johnson County, Jim Sewell, Navarro County, Douglas Crouch, Denton County, Lloyd Young, Cass County.

The H. B. 669 Bill proposes to raise approximately \$30,000,000 a year by placing a "gathering tax" of one cent per 1000 cubic feet on natural gas. The money will be divided as follows: one-fourth to public schools, one-half to the counties for the building and improving of rural roads, and one-fourth will be distributed among every incorporated city, town and village on the basis of population according to the most recent federal census.

Signers of the bill specified the tax levy as a "gathering tax" which Louisiana has levied in recent years. The Bill, Mr. Klein said, will accomplish three primary aims:

New Cameron Drug Is Announcing Hearing Aid Department And Clinic

American Sound Products, Inc., Chicago, Illinois, announces that the New Cameron Drug has been appointed the local authorized dealer for the famous Clearstone Hearing Aids.

The New Cameron Drug will also carry batteries for all makes of hearing aids and will be in a position to service all hard-of-hearing persons in this community. It is felt that this new service will be of great interest to all hearing aid users, as it will eliminate the need of looking for hard-to-reach sources for hearing assistance. The New Cameron Drug, which is located at 104 S. Houston, Phone 21, invites all hard-of-hearing persons to visit them and become familiar with the new services they are now offering the hard-of-hearing.

A special demonstration will be held for the hard-of-hearing at the New Cameron Drug Monday, April 2. They have arranged for a specialist from the American Sound Products, Inc. from Chicago to spend the day here and give advice on hearing problems and demonstrate the new compact hearing aid.

Milam County Plans Complete For Show

Plans are nearing completion for the Milam County Livestock Show to be held at Rockdale fair park March 23-24.

H. D. Maxwell is general chairman of the show which is sponsored by the Young Men Business League of Rockdale. J. D. Moore, county agent, is general vice-chairman.

The livestock show is open to all breeders and raisers of good livestock in Milam County and there will be no entry fee charge.

Judging the Hereford cattle division will be R. P. Marshall of Marlin who is farm products agent for Texas from the Tennessee Coal, Iron and Railroad Company. This will start at 10 A. M. March 24. The dairy division will have a judge from A. & M. College. Judges for the hog show will be B. B. Shaw, vocational agriculture teacher of Belton, and J. H. Merka, vocational agriculture teacher of Rogers.

Religious Services To Be Held Friday

Easter religious services will begin here Friday with a 3 hour service at the First Presbyterian Church in which a number of churches will cooperate.

The Cameron Ministerial Association recently met and designated the Presbyterian Church as the place for the service this year. Previous Good Friday Services have been held at First Methodist Church.

The season of Lent widely observed is the customary six weeks period of fasting prior to Easter. The last seven days before Easter Sunday are known as Passion or Holy Week, commencing with Palm Sunday. Lent is of extreme antiquity and churches here each year arrange a program in which ministers take part, each discussing a subject of primary importance to the Crucifixion of Christ.

Non-religious groups here usually cooperate in deference to religious beliefs among the people and on the whole has worked out to become an established precedent in the Easter festivities.

Eight ministers will participate in the program. Rev. P. A. Corkern, Pastor First Baptist Church will have the introduction and other ministers on the program are as follows: Rev. Bob Walker, pastor at Battetown Baptist Church, Rev. James McKeown, rector at the Episcopal Church, Dr. Mark Magers, minister First Methodist Church, Rev. John Solomon, minister First Presbyterian Church, Rev. Tom Bouchard, pastor First Christian Church, Rev. O. H. Buttram, pastor, First Assembly of God, and Rev. John Striepe, pastor, Hope Lutheran Church at Buckholts.

People in the city and surrounding areas look forward each year to the Good Friday Services.

Soloists for the program will be Mrs. Roland Carr, Mrs. Mark Magers, Mrs. John Solomon and Miss Shirley Horstmann. Organists will be Mrs. C. W. Bradbury and Max McClaren.

The service will begin at 12 noon and continue to 3 P. M. The public is invited to attend and may come and go during the intermissions.

Window cards have been placed in the windows of the business houses in the city indicating they will be closed from 12 to 3 P. M. in observance of the Good Friday Service.

This has been the custom among the establishments here since the service was instituted several years ago.

Committee Meets With C. C. Countess

The telephone committee recently appointed to investigate the possibility of organizing a rural cooperative telephone system in Milam County met with authorities of the Farmers Telephone Company in Belton Monday in regard to making arrangements with the Company for extension of rural services to areas of this county not serviced by Southwestern Bell Telephone Company.

Valter White, chairman of the committee, said that five members of the committee which included Mr. White, Cleve McCall, Hubert McClaren, T. B. Stidham and Gilford Thwait were in Belton on Monday, March 19 and talked with C. C. Countess, president of the Farmers Telephone Company, concerning the rural telephone situation in Milam County.

Mr. Countess was very much interested in the situation in this county as the Farmers Telephone Company is already under construction with projects in northwest Milam County and also in the Rogers and the Zwickville community and could easily tie on additional territory. He told the committee to secure maps and make a survey of all the communities around the city of Cameron during the next few weeks and contact people in the rural areas who want telephone service and plans could be worked out. Since Milam County is adjacent to Bell, this project should work out fine according to Mr. Countess, Mr. White said.

Mr. Countess was very cooperative in assisting the committee in all details. (Turn To Page Ten)

NOTICE!

Representatives from the State Dept. of Public Safety as well as other informal speakers will be present to explain the county wide defense setup. All interested citizens are urged to be present. The meeting will be held in the District Court room at Cameron at 3 P. M. April 4th.

Fourth Study Course To Be Held Monday

The Woman's Society of Christian Service will meet March 19, at 3:00 P. M., at First Methodist Church, for the fourth study of the book, "Near East Panorama" written by Dr. Gloria M. Wysner.

Dr. Wysner, who holds a BA, MS and Phd degree began her missionary work in 1927. She was secretary of the Near East for the International Missionary Council.

The purpose of the study of the book is to become aware of dangers and opportunities of the world and to create a better understanding between our country and theirs, and help become intelligent women with a world vision.

The study course will be led by Mrs. Howard Baskin, assisted by Mrs. Bob Herry. The devotionals will be given by Mrs. W. O. Triggs.

The fifth and final study will be March 26.

Mrs. Annie Henriksen has returned from a pleasant visit with her son and family at Edinburg.

Harold Weiser, little son of Mr. and Mrs. Harold Weiser of Rosebud is ill and in Newton Memorial Hospital.

Milton James Jistel, student at the University of Texas at Austin spent the week end with his parents, Mr. and Mrs. A. L. Jistel.

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional samples of HADACOL and many of them indicated that they recommend the HADACOL formula to patients who are deficient in Vitamins B₁, B₂, Iron and Niacin.

Mrs. L. D. Lovett, a registered nurse who lives at 2205 Walnut St., Philadelphia 3, Pennsylvania, says this about HADACOL:

"I was down in Florida for the past month. I had no energy so several members of my family told me to try a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I tried a bottle. I feel fine since taking HADACOL. I do private duty here. I am 50 years old."

Americans Ride Into Hongchon

(From the Daily)

TOKYO, March 16 (Friday) American forces easily captured Hongchon Thursday. Most of the Chinese had pulled out of that Red stronghold on the Central Korean front.

Seizure of the town, twenty miles south of the thirty-eighth parallel, forged a firmer link in the chain of Allied arms stretching from liberated Seoul across the peninsula.

All along that 100-mile front, the Chinese and Korean Reds still were withdrawing northward.

Doughboys rode tanks into Hongchon. They met only small arms fire. Red mortar shells clumped into the town afterward.

On hand to greet the Americans were only five civilians. Hongchon, once a town of 15,000 was in ruins. Until recently it was a major Chinese assembly area, but the Reds pulled north in a series of rear-guard actions.

The Reds are believed massing at Chungchon, sixteen miles northwest of Hongchon and forty-five miles northeast of Seoul. Field correspondents said it seemed logical that the Chinese would make a determined stand at Chungchon.

For weeks the Reds have poured supplies into that town from the north west and northeast. They had to move mostly at night to escape Allied fighters and bombers.

Thursday, the United States Air Force reported the loss of two jet fighter planes and a F-51 Mustang over Korea. One of the jet pilots was killed, and the other's fate is not known. The F-51 pilot was saved.

Chungchon on main highway routes to North Korea, is eight miles south of the thirty-eighth parallel, old political boundary of North and South Korea.

Gray Air Force Base To Get More Money

WASHINGTON, March 14— The air force will spend an additional \$1,553,000 at Gray air force base at Killeen on undisclosed facilities for national defense, Rep. W. R. Poage, 11th district, said.

Poage said this is the second supplemental allotment of funds for Gray base and is over and above that recently announced, according to assurances from the air force.

"They were very careful not to say what it is to be spent for, other than to say it will be for expansion," Poage said.

"This is a rather substantial sum of money to be spent on Gray air base and the impact of the spending throughout that area will be of considerable benefit to our people."

Authorization of construction of a base operations building at Gray AFB was announced March 7 by Galveston army engineers, with the estimated cost undisclosed. Col. Ellsworth I. Davis, district engineer, said bids on it will be opened March 30.

Mr. and Mrs. David Pratt of Milano were recent visitors in Cameron.

World Citizenship Stressed In Talk

Superintendent W. T. Hanes addressed the classroom teachers recently about his recent attendance at the National Education Association Convention of School Administrators at Atlantic City.

The theme of the discussion was "The School's Responsibility Towards Citizenship."

Mr. Hanes gave a number of excerpts from addresses made by Charles Wilson of General Motors, Governor Shivers, Harold Stassen, Carlos P. Romelo and Alexander Stoddard of Los Angeles, California. He emphasized many outstanding points from the speakers lectures that impressed the teachers very much. He said it is the schools responsibility to carry our ideals of higher learning and other achievements to the rest of the world. Be world citizens and not just in the United States citizens.

The most important force in the world today is not the bombs but the force of the minds of man. The public school will settle the struggle that is raging today, Mr. Hanes said.

After Mr. Hanes talk, the nominating committee presented their report and officers will be installed at the next regular meeting.

Meter System Is Paying Off Here

Meter collection for the week amounted to \$244.54, according to Marshall Terry, collector. He was assisted by N. J. Johnson, city street manager.

This report is a little less than the amount taken in last week. Mr. Terry turned in \$238.80 last week and these reports continue to remain substantially over the \$200.00 mark.

Parking meters are working successfully and are bringing in additional revenue to the city. It is up to the city council to do what they said they would with the meter revenue since they voted last year to place the meter revenue as a permanent street building fund which was an excellent move by the aldermen.

The city has a number of ordinances that are not entirely enforced and should be taken into consideration by the aldermen. If all the ordinances were enforced to the extent of which the meter ordinance is being enforced, the city would realize its money's worth and would be a better place in which to live.

The council passed a rat proofing ordinance several years ago but it has not been enforced. The city has

spent money preparing and publishing these ordinances and they should be enforced. Several business places have reported much destruction by rats is being noticed.

Frank Richter Sr. Improving After Fall Here Thursday From Fire Truck

Frank Richter Sr. driver of the Cameron Fire Department's truck was injured recently when he fell from the fire truck on returning from

a fire. Mr. Richter sustained a broken rib in the fall and is reported to be improving at St. Edward Hospital. His many friends in the city and county will be glad to know that his condition is making progress and he will soon be out of the hospital and back on the job. He has been overseer at the Fire Department for a number of years and his faithful service to the city is highly appreciated.

Rural Communities Doing A Bang-Up Job In Red Cross Drive

Sam White Rural Leader for the American Red Cross Drive for 1951 funds reported today that many of the rural areas have gone over the top in their drive.

Among those who have turned in reports that put them above their quota are; the Fuchs community, with Hugo Fuchs as leader, Burlington with Bartle Crenan as leader and Thorndale with Jamie Clark.

Other communities who are near their quota are; Buckholts, with Floyd Stark as leader, Jones Prairie with Mrs. Dick Young and Tom Stidham heading the workers and Milano with Jack sledge also nearing the quota.

A complete report is expected to be available next week. Mr. White says the rural communities are really doing a good job, but with the present war conditions prevailing a united effort with more work is needed to raise every cent possible.

Mrs. Steve Macal, daughter and son of Cameron were guests in the home of Mrs. Macals daughter, Mr. and Mrs. Milton Nesuda at Ennis over the week end.

1951 Outlook For Turkey Raisers Becomes More Profitable In Milam

Turkey production for 1951 will get underway in the next few weeks, according to Bassel Wilson, owner and operator of the Wilson Produce Company.

This year the company is again furnishing to producers, poults, necessary feed and additional credit of 15 cents per turkey for cost of supplies such as vaccines and medication that might be needed during the season, at 6 per cent interest over the period of time that poults are purchased and placed on the market in the fall.

D. C. Price and Les Trewick, graduates of A & M College will serve as flock service men as representatives of Nutrena Feeds. They will see the flocks every two weeks and assist growers at all times in problems concerning the turkey production that might be needed from time to time. This is an important feature of the turkey program this year and will be very helpful to turkey raisers in many ways.

This is the third year for the program instituted by the Wilson Produce Company and many of the producers who started this project the first year are still raising turkeys in this program. The first year 12,000 poults were put on feed, the second year, 19,600 and last year more than 30,000.

It takes 6 months to raise turkeys for the market and this is a quick turnover in the producers investment.

The poults are purchased from pullets tested, clean turkey flocks and are all broad breasted bronze poults.

Twenty-five years ago the average weight of a bronze turkey at market time was approximately 13 pounds. Today's average is around 20 pounds with some toms weighing 35 pounds each.

Fryer turkeys are coming to the front. Many are being marketed at frying size.

The United States Department of Agriculture with other authorities believe that turkey prices will be much higher than in recent years due to the high prices of red meats and from statistics more turkey meat is being consumed now than in any time in previous history. Boned turkey and smoked turkey are now very popular on the market.

Much of the income of the county is derived from turkey production and a program of this kind should be of great interest to turkey raisers in this area.

Mr. Wilson invites farmers and others who are interested in the production of turkeys to come in and get the details on the program.

Dr. R. L. Holmes Is Guest Speaker At Lions Luncheon

Dr. R. L. Holmes, evangelist who is currently holding a revival at the First Baptist Church, was guest speaker at the Lions Club Luncheon, Tuesday March 13.

Dr. Holmes is well known over the entire South as a leader in the ministry and had devoted much of his life to this work and ministerial activities. He spoke to the club on the present day situation in regard to the Bible. He pointed out how many leaders or rulers of countries through the ages had sought political power forsaking the word of God and ultimate doom had come to them, such as Adolph Hitler and Mussolini and other power crazy men during the past years.

The points stressed in his talk were of vital interest to everyone as these men who have relied upon their own power and might did not accomplish their objective because they left God out of their plans.

Dr. Holmes said, that people cannot leave God out of their plans because we are his children and we must fit into the plan he made for the universe. Without God man is lost and cannot survive with out his goodness and mercy.

Politicians and others of today should realize the omnipotence of the almighty and strive to live by his word as powers and principalities may fall but the word of God will remain forever, he declared.

Three Men Pay Fines For Drunk Driving

Three drunk driving fines were paid in County Court here this week.

Jack Tilton Sargent, Temple, and Bennie McCullough of Houston pleaded guilty in open court here Tuesday and their punishment assessed at a fine of \$75.00 plus cost of court and license to drive suspended for a period of six months.

James Rayburn McCrummen of Dallas was also tried in County Court and paid a fine of \$50.00 plus cost of court and his license to drive prohibited for six months.

Red Artillery Fails To Stop Allies

(From The Daily)

TOKYO, Saturday, March 17 — Red guns roared defiance on the Central Korean warfront Friday near parallel 38. The Chinese threw reinforcements into the line against the Allied advance.

United Nations forces were less than 20 miles from the parallel.

A censorship blackout was thrown abruptly over Allied operations. Units smaller than the 8th Army itself could not be identified.

The U. N. line stretched tightly from points north of liberated Seoul in western Korea to Kangnung on the East coast. Of this 120 mile front, the main Chinese defense appeared to be in a 30-mile-wide sector south of Chunchon in Central Korea.

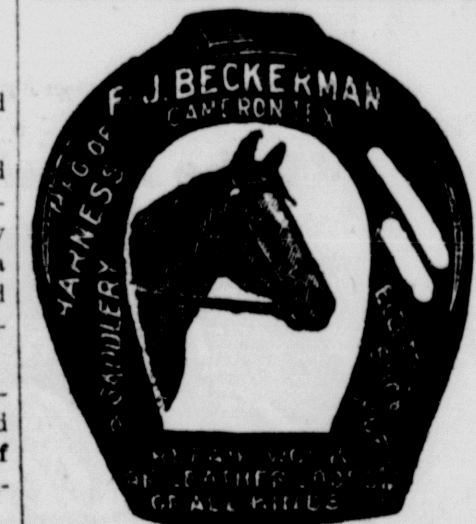

The reds threw their heaviest artillery fire of the war at Allied forces advancing north of Hongchon toward Chunchon. Allied artillery thundered back with 50 shells for one. Fighter planes raked the Red-held ridges with fire bombs.

The American ground troops then continued their advance, but distances, locations and identity of the troops withheld by censorship.

Frontline dispatches delayed by censorship more than 24 hours told how GIs honed their bayonets on rocks and attacked the Chinese Thursday in one sector northwest of Hongchon.

Red resistance crumbled elsewhere on the front. On the western flank, Republic of Korea (ROK) troops moved cautiously northward after securing high ground above Seoul.

Mrs. Ella Zavrel of Buckholts is a surgery patient at Newton Memorial Hospital. Her many friends wish her a speedy recovery.

Thorndale Grocery Store Looted: Burglars Enter Through Back Window Of Store

The Oscar Falke Grocery at Thorndale was entered and robbed of \$250 in cash from a safe sometime Thursday night.

The burglars removed a bar from a back window of the grocery and gained entrance to the store. The safe in the front of the store was moved to the back and the knob was torn off dial smashed and the door pried open. Money in the amount of \$350.00 in ten and twenty dollars bills and all the checks were left scattered over the floor.

Sheriff Carl Black was joined by a finger print man of Austin and officials of Thorndale investigated but as yet no clues have been found. The burglars wore gloves and there were no finger prints secured.

Get a Studebaker truck and really cut costs!

The stand-up stamina that you want!
Free from gas-wasting excess bulk!

Look at that trim, sleek, streamlined design! That's one reason a Studebaker truck is a stand-out in low-cost operation.

Painstaking master craftsmanship puts wear-resisting long life into every detail of every Studebaker truck. But there's no superfluous dead weight in a Studebaker to waste your gasoline.

Studebaker trucks come in sizes and wheelbases for hundreds of hauling needs — half ton, three-quarter ton and one ton pick-ups and stakes — one-and-one-half ton and two ton models.

Two great Studebaker-built truck engines — the Econ-o-miser — the high torque Power-Plus — are tops in their fields for smooth performance.

Can't stop now!

The daily needs of the American people for oil are at an all-time high. When you add to these the needs of the defense program, you find that U. S. oil production is greater than ever before in history.

The men who search for oil did their part in supplying this record demand 10, 20, even 30 years ago.

But they can't stop now. The search for oil must be continuous, so that the U. S. will have oil for you and your neighbor and for the country's needs in the years ahead. This year's oil discoveries may be producing oil for the vehicles, the flying machines, the industries of the year 2000!

The oil companies look so far to the future because it takes about 10 years fully to develop an average oil field. Then, if production is efficiently managed in accordance with conservation practices, the field continues to produce for another thirty or forty years, or even longer.

This foresight provided the vast quantities of oil required for World War II, and it has established the reserves the nation needs for the emergency of 1951. There is no time, now, to search for the oil we need today; it must be — it is — instantly available.

H. B. No. 669—

(Continued from front page.)

(1) It will allow the continuation of the direly needed farm to market and rural road program. One-half of the estimated \$30,000,000 which provisions of the bill provide, will be sent to the counties for the building and improvement, starting with School bus and rural mail routes. County Judges and commissioners will authorize the spending of the money, with specifications to have the approval of a licensed engineer of the Texas Highway Department.

(2) One fourth, or about \$7,500,000 will go to some 760 incorporated cities, towns and villages that are facing serious financial difficulties. They will be allowed to use the mo-

ney for the building and maintenance of streets.

(3) It will insure that the people of Texas, living both in town and on the farm, will get more benefits out of our vast resources of natural gas which are rapidly being expended. Mr. Lehman is due considerable credit for his interest in the rural road program along with the eco-authors of the bill. It is encouraging to note that our representatives are supporting bills advantageous to the majority of the people instead of private enterprises.

tails on the proposed project and everything will be done to help promote the movement which was greatly appreciated by the committee.

C. L. Carson, representative of the Southwestern Bell Telephone Company recently met with a group of interested citizens in regard to rural expansion of telephone service and told the group that Southwestern Bell Telephone Company would have something to offer within the next 60 days. The committee decided to go ahead and contact officials of other cooperative systems in the state so that no time would be lost.

The committee plans further investigation with other cooperative systems in West Texas and get adequate information on the procedures as to the service, rate and other details that are vital and essential on the situation. The committee plans to make every effort possible in order that these rural areas may soon have telephone service.

Parents Honor Children With Birthday Party

Charles and Helen Matula, son and daughter of Mr. and Mrs. Chas. Matula celebrated their birthday at the attractive Matula home on North Travis Thursday afternoon, March 15. Helen was eleven years old February 26 and Charles was ten years old March 15.

Invited guests were: Pat Matula, Janis Jistel, Barbara Gurecky, Barbara Mondrik, Anita Trdy, Dorothy Dillon, Beverly Schiller, Judy Shapiro, Carol Ann Heitmann, Mary Ella Richter, Jerry Zoltz, Paula Zoltz, Henrietta Richter, Don Obermiller, Albert Mondrik, Billy Slavik, Paul Guy Dillon, Bobby Hertenberger, Lee Franklin Hollas, Charles Hollas, Daniel Mitchan, Martin Mitchan, Eddy Joe Pavelka, John David Thompson and Rose Mary Matula, sister of the honorees.

The hostess was assisted by Mrs. Oscar Zoltz in conducting a number of spirited games.

The guests were invited into the dining room where they gathered around the large table and sang, "Happy Birthday." Mrs. Matula took a flash bulb picture while the group were singing.

In the center of the dining table were two lovely birthday cakes on a reflector. Charles' cake was a large two tiered pink and white cake iced in green with a spray of sweet peas on top and candles. Helen's cake was a two tiered pink and white cake iced in pink with dainty roses with an Easter marshmallow egg wrapped in colorful paper. Happy Birthday napkins were used.

Mrs. Matula was assisted by her three sisters, Mrs. J. C. Marek, Mrs. Francis Orsag and Mrs. Mary Kamienicki in serving birthday cake, soda pop and strawberry ice cream to the guests.

The honorees received many nice gifts and thanked everyone in their own adorable manner.

County Officials Receive Commissions

Commissions for all Milam County and precinct officials have been mailed by the office of Secretary of State John Ben Shepperd to County Judge Dan Tyson.

The commissions which bear the signatures of Governor Allan Shivers and Secretary of State Shepperd were issued to persons elected in the general elections. Gov. Shivers commissioned those whose names appeared on certificates of election and qualifications prepared by the county judges for the Secretary of State, following the November elections.

State statutes require that the office of Secretary of State send these commissions to each county judge who then presents them to the officials of both the county and precinct. Shepperd's office, which acts as the secretarial arm of the executive branch of state government, keeps official records of all persons elected or appointed to office in the state of Texas.

Those commissioned are as follows: Dan Tyson, County Judge Hinton H. Pruett, County Superintendent; Homer Nabours, County Clerk; Grady Allen, District Clerk; Vera F. Shafer, County Treasurer; Ed Gunn, County Attorney; Leroy Hillyer, County Surveyor; Carl C. Black, Sheriff; Valter T. White, Assessor & Collector of Taxes; Womack Brashear, Justice Peace, Prec. 1, Place 1; John Thweatt, Justice Peace, Prec. 2, Place 1; W. E. Thomas, Justice Peace, Prec. 3, Place 1; Earl G. Crane, Justice Peace Prec. 4; L. N. McDonald, Justice Peace, Prec. 5; B. G. Rice, Justice Peace, Prec. 7; E. C. Hoppe, Justice Peace, Prec. 8; B. F. Mrs. Emma L. Pressley.

Mr. and Mrs. R. R. McKinney and Mrs. W. M. Sheppard of Olney, Texas and Mr. and Mrs. Jim Francis of Killeen visited Mrs. Ida Houston of Cameron and Mr. and Mrs. H. C. Weathers of Maysfield Tuesday and Wednesday of this week.

35 Teams Invited To Participate Here

An invitation track tournament will be held at the Yoe High School Field on Saturday, March 31, it was announced by Coach Paul Smith.

This is the sixteenth invitation tournament that has been held at the Yoe High School, Mr. Smith said and he is expecting around 35 schools to enter the event.

Up to the present he has received an acceptance from seventeen schools who will participate in the meet which includes Holland, Lockhart, Gatesville, Ennis, Mexia, LaGrange, Taylor, Navasota, Georgetown, Lampasas, Killeen, Hearne, Giddings, Waco, Marlin, Gladewater, and Waco Tech and of course the Yoemen.

Preliminaries will get underway at 10:30 in the morning and finals will be under the lights at night beginning at 7:30.

In the morning session preliminaries in pole vaulting, discus, high jump, shot put, and broad jump will be held with finals in broad jump and discus also being held. Other preliminaries will include 120 High hurdle, 100 yard dash; Ardel Pagel, Ermis, and low hurdle.

Field events and running events to be held at the same time that night include, Poll vaulting, shot put, and high jump as field events and 120 high hurdle, 880 yard dash, 220 dash, 440 yard relay, 100 yard dash, 200 low hurdle, 1 mile run, 1 mile relay as running events.

Eddie Lankford, Eldon Batte and Alton Logan will participate in the 100 yard dash; Lankford in the 440 dash; Frank Malone, Albert Michalka and Pete Tindall in the low hurdles; Denson Ermis, Lankford, Batte and Logan in the 440 relay; Nathan Offield and Peter Tindall in the 880 yard dash; Ardel Pagel, Ermis, and Batte in the 220 dash; Earl Johnson in Poll vaulting; Malone and Johnson in the High Jump division; Batte, Lankford, Logan and Malone in the Broad jump bracket.

The Yoemen have been training for the past two weeks for the invitation and the district meets and have had some thorough workouts. The majority of the team looks good and much excitement is being anticipated at the tournament as they always create a certain amount of interest among citizens here who like track meet activities.

National 4-H Club Week Highlighted By Defense Mobilization Programs

The Negro 4H Clubs of Milam County held joint programs observing National 4H Club Week, 400 4H'ers and 200 adults were reached through programs in three sections of the county. These programs were highlighted by The Defense Mobilization Program Suggested by the State 4H Club leader Floyd Lynch.

Three 4H club girls who were poultry demonstrators were given cash awards for outstanding work done in poultry. They were as follows: Billie Maud Nelson, Milano second place, \$28.00, Mablene Roland Crossroad and Jewel Bowser, Davilla, received \$14.00 each for third places.

The meetings were held at the following places with the following clubs represented: San Gabriel School...Mar. 7 Davilla, Sharpe and Thornedale.

Beal Chapel School...Mar. 8, Pleasant Grove, Crossroad, Briary, Curry, Clarkson, and Bailyville.

Branchville School...Mar. 9, Milano, Gause, Two Miles, and Maysfield.

Part of the program was presided over by the 4H club presidents of the local schools. This was a talent program on which the following interesting numbers were given: patriotic drill, patriotic songs, a skit, The meaning of the 4H'ers, a playlet, Health Questions, and a demonstration of farm life, Down In The Valley. Some of the other activities were: acrobatic stunts, speaking and soft and basketball.

Committee meetings were held in the county-wide 4H Club committee to plan for County-wide 4H Achievement Day May 4.

Hike In Corn Planting Urged

WASHINGTON, March 19—An Agriculture Department report indicated that this year's production of vital food and livestock feed crops may fall considerably short of the nation's expanding needs.

The outlook was most disturbing in the case of corn—the major raw material for production of meat, dairy and poultry products. These are the foods most in demand and bringing the highest prices.

The department said fears of a shortage of labor at harvest and reluctance to plow up lands which have been taken out of cultivation and put into grass appear to be holding down plans for crop expansion.

In the case of corn, the department had urged plantings of at least 90,000,000 acres compared with 84,370,000 last year. Today's report—based upon farmers' plans as of March 1—showed prospective acreage of only 85,694,000.

At relatively high average yields per acre, such plantings would produce a corn crop of only 3,050,000,000 bushels. The department has said that at least 3,500,000 bushels of this grain will be needed to maintain meat, dairy and poultry production.

Falling short of guides were these crops: Corn by 5 per cent, grain sorghums between 5 and 8 per cent, sweet potatoes nearly 23 per cent, and flaxseed 2 per cent.

Last Rites Held For Mrs. J. M. Stafford In Holland Tuesday

Mrs. J. M. Stafford, 75 died at her home in Holland early Monday morning, March 19.

Mrs. Stafford had suffered a heart attack shortly before her death. She was a sister of Mrs. Gus Evans Sr. of Cameron and was well known here in the city of Cameron as she had visited here a number of times in recent years. She was a native of Bell County, born at Holland in 1876 and had lived in that section of Bell County the majority of her life. She lived a happy and friendly life and was always considerate of her friends and neighbors. She was a member of the Baptist Church where she was active in its work. She devoted much of her life to the work in that community.

Surviving are her husband, J. M. Stafford, two sisters, Mrs. Gus Evans of Cameron and Mrs. Jerry Hughes of Holland and a number of nieces and nephews.

Funeral services were held from the First Baptist Church at Holland at 2:30 P. M. Tuesday March 20 with interment in the Holland Cemetery.

New York Resident Visits In Cameron

Pat Padavano of Mineola, Long Island, New York was a guest in the Henry McLane home over the weekend.

Mr. Padavano is well known in the city here as he was stationed at Fort Hood for a period of two years during the late War and was a frequent visitor in Cameron. He is on tour to the West Coast and is employed with the post office in Mineola.

Mr. Padavano said he liked Cameron and Milam County very much as the people here were very friendly and considerate toward servicemen during the war and plans to visit friends here as often as he can. He will return home after his tour to the west coast.

Turkey Producers Hear Specialists At Meeting Here

Approximately 125 farmers and turkey producers of Milam County attended the turkey meeting held recently at the Simon-George Memorial Hall.

The meeting was very successful and was sponsored by the poultry

committee of the Chamber of Commerce.

Professor D. H. Reid of A & M College discussed flock management, George Mountney of A & M spoke on how good market quality may be secured, and E. D. Parnell, poultry specialist of A & M discussed the market outlook for turkeys in 1951.

Coffee and doughnuts were served at the close of the meeting and were furnished by Culpepper's.

A Tribute--

To Easter Sunday!

Throughout the world, on Easter Day, thoughtful men, women and children in a thousand tongues sing praises for the eternal resurrection of the One Man Who Overcame Death. You go to church and you join in the joyous services. It is our custom. Let us not forget, though, that Eastertide is not merely a day, but a period of rebirth—when every new hope and dream and yearning should be reappraised and given new impetus. So go to the church of your faith - and with your heart full of love for all people everywhere, sing those wonderful words "He is risen!"

Better load
protection!

You get smooth-as-silk performance with gyrol Fluid Drive—a Dodge exclusive available on 1/2-, 3/4-, and 1-ton models. This proved fluid coupling between engine and clutch eliminates jerky starts, helps prevent stalling. Loaf along in high, slow down in traffic, speed up again—all without touching the gearshift or clutch!

With Fluid Drive, there's less wheel-spinning, less tendency to skid on wet or icy pavements. You can start in higher gear, apply power gradually and get away smoothly and safely. Traction is applied more efficiently. With less wheel-spinning, tires last longer, too—another money-saving advantage of Fluid Drive!

Fluid Drive assures extra-smooth starts... protects your load. There's less chance for cargo to shift—less chance of breakage or other damage.

WHAT "JOB-RATED" MEANS TO YOU

A Dodge "Job-Rated" truck is engineered at the factory to fit a particular job... save you money... last longer.

Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

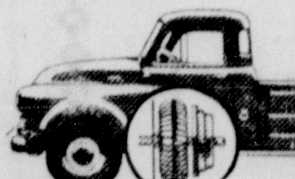

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and body—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft and rear axle—is engineered right to meet a particular operating condition.

More
convenience

Lengthens
truck life!

Fluid Drive lets you stop on an upgrade and hold your Dodge "Job-Rated" truck in gear, simply by slightly speeding up the engine. And on a downgrade, Fluid Drive gives you effective engine braking. Under all driving conditions, Fluid Drive is easier on both driver and truck.

The "cushioned" power of Fluid Drive saves wear and tear on over 80 vital parts—including clutch, transmission, rear axle. This insures longer truck life—lowers your upkeep costs. And trade-in value stays high! Ask us for interesting booklet on gyrol Fluid Drive.

Kay Cox To Be Presented In Piano Concert At Mary-Hardin Baylor

Kay Cox, 12 year old daughter of Mr. and Mrs. Francis Cox, will make her debut, Saturday morning, March 24 at 10 A. M. at Mary-Hardin Baylor College, Belton, playing her first piano concert.

Kay has appeared in a number of recitals at the college during the past few years but this is her first time to play a full chapel program alone. Her program will consist of the following numbers: Two-part Invention in C Major and two-part Invention in F Major by Johann Sebastian Bach, Rondo in C, Opus 51 no. 1 by Ludwig Von Beethoven and Valse in A Flat Major by Frederick Chopin.

This is Kay's fifth year of study at the college under the direction of Miss Julia Belle James, a former teacher of Mrs. Cox.

Miss James is well known in central Texas for her musical ability and has been associated with the music department at Belton for a number of years.

The public is invited to attend and a number of Kay's friends are planning to attend the concert.

MILANO NEWS

The Democratic program given at the Milano High School March 9 was well attended. The program on Democracy, in honor of public school work, put on by Mrs. Bankston and Mrs. Renfro was exceptionally good. Rev. R. E. Ledbetter gave the closing prayer.

Measels have really hit hard in the Milano School as many of the children are out of school, but several of the children who have had measels are back in school. A number of adults have had them also.

Mr. and Mrs. Lock McNeely of Bryan spent the week end in the home of his sister, Mr. and Mrs. Asa McGregor.

We are glad to report Mr. and Mrs. Wesley Woods have returned home after being in Newton Memorial Hospital. They are improving nicely.

Since the nice rain several have planted gardens and corn is up. Last

week when the weather was very cold a number of Tomato plants and beans were destroyed and had to be replanted.

Mrs. Edd Loveic of Temple spent the week end in the home of her brother, L. B. Dukes and family.

Mrs. Luther Kernes of Hearne visited here last week in the home of her parents, Mr. and Mrs. Tom Tabor.

Mrs. Alma Hilderbrandt of Houston has been a recent guest of Mrs. Mattie Malone.

Mr. and Mrs. Alfred Jistel of Salem were visiting relatives in Milano Sunday.

Milano had a mad dog scare. Claude White and Hiram Smith are taking rabid treatment after doctoring a calf that died with the disease. A number of dogs have been vaccinated, and several cattle have already died of the disease.

There will be a pre-Easter service at the Methodist church beginning with prayer Wednesday night. The service will run through Sunday night with Rev. R. E. Ledbetter doing the preaching. The MYF gave an interesting Easter program Sunday night.

Children of the Methodist Church are having a Easter Egg Hunt Saturday afternoon at 2 P. M. All small children of the town are invited to attend. Sponsors will be Mrs. Dan Robinson and Mrs. Willard Pierce, teachers of the classes.

Mr. and Mrs. E. E. Woodhouse of Rochester, Minnesota were week end guests in the home of Mr. and Mrs. Alva Sanders and daughter here. Mr. and Mrs. Woodhouse are on vacation and have visited in many places. Mrs. Woodhouse is an aunt of Mrs. Sanders and they had not been together in over nine years. The reunion was a very pleasant occasion.

Heart Of Texas Sunrise Easter Worship To Be Broadcast From Austin

Three widely known Texans and an internationally famous religious leader and choir will participate in the Heart of Texas Sunrise Easter Worship at 6:30 a. m. Sunday, March 25, at the geographical center of Texas, near Mercury.

Governor Allan Shivers of Texas will be heard in words of greeting transcribed from Austin for the radio, which will be broadcast from coast to coast by about 55 stations of the Mutual Broadcasting System. The Governor will be introduced by Wendell Mayes, Sr., Brownwood, member of the State Parks Board.

John Ben Shepperd, Texas Secretary of State and Former president of the United States Junior Chamber of Commerce, will represent the youth of America as a speaker on the program. He will appear in person.

The religious message will be given in person by Dr. Eugene R. Bertermann, St. Louis, Mo., director of the International Lutheran Hour radio programs. His subject will be "Christ Is Risen For You."

The Springfield, Ill, Seminary Lutheran Hour of 25 voices under the direction of Fred L. Procht will come to Mercury to sing on the program.

All Texans are invited to be present at the natural amphitheater on the Fred Thormann Heart of Texas Ranch, between Brownwood and Brady. The worship to the risen Christ in non-sectarian, free to the public.

Mrs. Mark G. Magers Presents Biblical Story In Picturesque Manner

Mrs. Mark G. Magers presented Florence Bauer's, "Behold Your King" in review in the sanctuary at the First Methodist Church, Thursday evening, March 15.

Mrs. Magers presented the book in a biblical narrative and dramatized events of the Bible leading up to the crucifixion of Christ. She painted a picturesque vision of scenes from the Bible and held the large audience spellbound during the entire presentation. She portrayed the deep emotions of the scripture in a vivid artistic manner.

She is well known for her ability in presenting noted books of famous authors of the present day as well as biblical stories.

Miss Shirley Horstmann sang a solo, entitled, "A voice in The Wilderness," accompanied by Mrs. Magers.

Mrs. W. A. Bonds, president of the Women's Society, introduced Mrs. Magers and Miss Horstmann. The altar was decorated with arrangements of purple and yellow daffodils, Iris, and stock. On the communion table was an arrangement of Azaleas and stock.

Mrs. B. F. Robinson made the arrangements of flowers and presented them to the church for the occasion.

Joseph Edward Hosch Surprises Parents With Visit From Guam

Engineer Joseph Edward Hosch from Guam gave his parents, Mr. and Mrs. E. J. Hosch of Temple a great surprise when he arrived in Temple at 1 A. M. Saturday.

Engineer Hosch has been stationed in Guam for over two years and has not been in Texas for over seven years.

He came on ship to San Francisco where he took a plane to San Antonio and from there he made the trip by bus line.

Engineer Hosch is a grandson of Mrs. Rosa Chernosky of Ben Arnold and has many friends in Ben Arnold and Cameron with whom he plans to visit during his leave. When his leave terminates he will go to Chicago where he will enter Diesel engineering for five years.

Mrs. N. D. Fuller who had a major operation at St. Edward Hospital recently has returned to her home and is reported doing nicely. Her many friends will be glad to know she shows some improvement.

May Form New Line North Of Parallel

(From The Daily)

TOKYO, March 19 (Monday) Battered Chinese and North Korean Communist troops were reported Monday pulling back across the thirty-eighth parallel to a new defense line in North Korea.

Front reports and the Army communiqués indicated the Reds were abandoning Chuncheon, their last major supply and command base south of the parallel, and retreating to a new line just north of the parallel.

The Reds were giving up strong hill and ridge positions in the rough, defensible country northwest of Hongchon.

There was no indication of the exact point of the U. N. advance northwest of Hongchon. Censorship became tighter as the Allies pressed closer to the thirty-eighth parallel, the old border between North and South Korea. At last report—several days ago—the Allies were twelve miles from Chuncheon.

The allies were reported "several miles" above Hongchon which would place them about seventeen miles from the parallel South Koreans on the east coast were reported in the Kangnung area, also about seventeen, but even the communiqués were censored.

Though most frontline operations were still veiled, reports filtering through censorship indicated the U. N. was making a general unopposed advance on all points across the peninsula, with the enemy withdrawing to or beyond the parallel.

Merchants Invited To Attend Discussions On Price Regulation Wed.

Retail merchants in Cameron, selling merchandise regulated by Regulation 7 of the Price Stabilization Board, are invited to attend a discussion of this regulation on Wednesday, March 21 in Temple.

Mr. Stevenson of the Price Stabilization Office in Dallas will be present to discuss this regulation and answer questions that merchants may have. Those attending the meeting are advised to carry a copy of the regulation and paper and pencil to take notes.

These meetings are very beneficial to merchants having to comply with this regulation. The regulation must be filed with the Office of Price Stabilization by March 29.

The meeting in Temple will begin promptly at 2 P. M. and will be held in the auditorium of the municipal building in Temple.

Pvt. Lionel D. Provasek, in the Air Force and stationed at Lackland Air Force Base, San Antonio, visited his parents, Mr. and Mrs. R. D. Provasek here this week. Other guests in the Provasek home Sunday were Mr. and Mrs. Joe Orsag and son of Caldwell.

Mr. and Mrs. Oro Arnold and girls spent the week end in Cameron.

The Billie Joe Words Are Parents Of Son Born In Houston

Mr. and Mrs. Billie Joe Word of Houston have announced the arrival of Bruce Allen, seven pound and 12 ounce son born March 17, 1951, at Jeff Davis Hospital.

The mother is the former Norma Jean Brown of Cameron. They also have a little daughter, Frances, who is 15 months old.

Mrs. Word was stricken with polio some two months ago and had been confined to the hospital since that time. Much concern had been expressed for her, but reports are that she and the baby are doing nicely. She is a niece of Mrs. Jewell Hill of Cameron.

Ann Brock Majoring In Agriculture; Wins Honors In Fat Stock Show At San Antonio

Ann Brock who is majoring in Agriculture at South West State Teachers College at San Marcos is one of two girls majoring in this subject at the college.

Miss Brock recently was awarded 8th in the Hereford division in the light beef class at the San Antonio Fat Stock Show. Her calf was sold for better than 50 cents per pound and weighed nearly a thousand pounds.

She became interested in livestock activities when she was in high school and took courses in agriculture at Yoe High School. She has entered a number of steers in several of the Milam County livestock show and also received a number of prizes and awards. Her entry in the 1950 Milam County livestock show was awarded reserve champion honors.

She is the daughter of Mr. and Mrs.

Jesse Brock of Cameron and plans to make a career in this field of activity. She is very popular with the student body at the college and likes her work.

House Won't Shift Dates Of Primaries

AUSTIN, Texas, March 15—Representatives killed Thursday for this session any change in the dates for the Democratic party primaries.

They voted 62 to 42 to seal up a bill by Rep. Marshall O. Bell of San Antonio which would have moved the primaries back from July and August to May and June.

Bell got support from Rep. John Crosthwait of Dallas and other big city members, who argued the earlier dates would bring out a bigger vote. But the country Representatives said bad weather in the spring would make roads bad and besides, it was a busy farm work time.

Chances are the more patriotism a person wears on his sleeve the less he has in his heart.

Friends of Joe Luce regret to learn he is ill and in Newton Memorial Hospital and wish him a speedy recovery.

William J. Manly Dies At McKinney

William J. Manly, 60, resident of the Minerva Community died at the Veterans Hospital at McKinney early Sunday morning.

Mr. Manly, a veteran of World War I, was a former newsstand operator in Fort Worth but had moved to Minerva some time last year on account of ill health. He was taken to McKinney on Friday, March 16 when his condition became serious. He had been in ill health for a number of years.

Mr. Manly was a member of the Christian Church and the Julian Field Lodge of Fort Worth. He was active in both church and civic work in that city.

Among his survivors are his widow, Mrs. Lula Manly of Cameron, one brother, J. P. Manly of Post, three sisters, Mrs. C. Daughtery, Mrs. H.

Pallbearers were members of the Buckholts American Legion Post.

RABID SITUATION—

citizens from the rural areas as well as people of the city have expressed their opinion that the Commissioners court should place a bounty of \$3.00 on both foxes and wolves in order to encourage hunters to kill out the rabid animals and bring the situation under control. This of course would be very appropriate and advantageous to both the court and the people since some kind of control measures on these rabid animals must be instituted.

It is very encouraging to note that the Medical Society of the County is highly interested in the eradication of these animals. The determination among the citizens to stamp out this acute condition should be supported by civic clubs and organizations of the city and county. Cooperation in such an effort is of vital interest to everyone as many lives are endangered with the present threat of this horrible situation.
